## About

Nicky Visagie is an international educator with 10+ years teaching experience in Bahrain and the UK. She has worked over the last nine years in both classroom and leadership positions at top schools in Bahrain, including the British School of Bahrain, Multinational and Nadeen School. Nicky is a British-qualified Early Years & primary teacher, and a certified executive coach, accredited with the International Coaching Federation.

New Leaf Education is a company dedicated to the support of parents and educators, for the benefit of all children. She provides a consulting service to families new to Bahrain in selecting the right school, and works closely with parents and educators across the island through coaching, workshops and development events.

# BETTER TOGETHER: EMPOWERING PARENTS FOR EDUCATIONAL SUCCESS

Invest in the future of your students with a parent development program.

## Program Overview

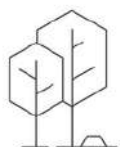

Aimed at empowering parents, this four-session program offers valuable insights and practical skills for parents, tailored to the local community and delivered by an experienced educator. The program aims to foster a collaborative partnership between home and school to support student success.

## Program Content

4 x 1-hour parent workshops:

- Growth Mindset & Wellbeing
- Supporting Children's Learning
- Communication & Connection
- Being a Confident Parent

**+ FREE 1-hour staff CPD workshop on Parent Partnership.**

## BENEFITS FOR SCHOOLS

### 01 Strengthen parent partnership

Encourage a supportive school culture by helping parents engage together and support their child from home.

### 02 Enhance student wellbeing

Equip parents with tools to nurture their children's emotional and academic development, contributing to a healthier school environment.

### 03 Improve Behavioural Outcomes

Help parents implement effective behaviour management strategies, communication strategies and strong connections, leading to positive learning environments.

### 04 Boost Parental Confidence

Empower parents to feel capable in their roles, increasing their involvement in school activities and their child's education.
